Attorney Docket No. 07409.0046

1. Japanese Patent Publication No. 2000-169527 - The relevance of this

document is discussed at page 3 of the specification of the present application. This

document also corresponds to U.S. Publication No. 2002/0086952 A1.

Also enclosed is an English-language international search report from the Japanese

Patent Office in the PCT international application, from which this national phase U.S.

application is derived, citing this document and setting forth the relevance thereof.

This submission does not represent that a search has been made or that no better

art exists and does not constitute an admission that each or all of the listed documents are

material or constitute "prior art." If the Examiner applies any of the documents as prior art

against any claim in the application and applicant determines that the cited documents do

not constitute "prior art" under United States law, applicant reserves the right to present to

the Office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of

the disclosed invention over the listed documents, should one or more of the documents be

applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge

the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
